## Instructions

1. Review your interview progress after every interview and in a very detailed manner. So that you can avoid the same mistake in the next interview.
2. If you are not evaluating your interview then you will not make any progress.
3. Instead of reading and thinking, take print out and write your answer. Take 8-10 printout so that you can review every interview.
4. The Company Research Template is an integral part of book [The Essential Job Search Manual](#).

Analyze your interview progress, after every interview:
